Pacific herring (*Clupea pallasii*) are a keystone species in the marine ecosystems of the Tlingit and Haida peoples of Southeast Alaska and British Columbia. Herring are not only caught and eaten and their eggs gathered, but also cultivated through respectful engagement, especially in their spring spawning cycle. This paper examines the nature of herring cultivation as a means of ensuring ...

Ecology in this sense is about integral human development and hence man's care for himself includes his care for all these aspects of his humanity that will promote such authentic development. Francis elaborates: Human ecology is inseparable from the notion of the common good, a central and unifying principle of social ethics .

## **Integral Ecology of Man - Homiletic & Pastoral Review**

By Cliff Durand - Truthout, May 26, 2018 In her timely book No Is Not Enough: Resisting Trump's Shock Politics and Winning the World We Need, Naomi Klein calls on us to resist President Trump and the turn to reactionary-right politics in the US. She also reminds us that, even if we succeed, we will still be left with the conditions that gave rise to Trumpism in the first place.
