offers an array of book printing services, library book, pdf and such as book cover design, text formatting and design, ISBN assignment, and more.

Iatf Spc Manual

In clause 9.1.1.1, IATF 16949 requires organizations to determine the appropriate use of statistical tools, and Statistical Process Control (SPC) is the usual choice. SPC is a methodology mainly used to monitor and control the behavior of the manufacturing process, but it can be used for any process that has measurable outputs.

IATF 16949: How to establish Statistical Process Control (SPC)

Improve your understanding of the integration of statistical process control (SPC) and measurement systems analysis (MSA) into IATF 16949 and discover how to develop a higher quality process control system by selecting and applying the appropriate statistical tools.
