The economist Thomas Sowell proposed two visions of human nature. The utopian vision sees people as naturally good. The world corrupts us, but the wise can perfect us. The tragic vision sees us as ...

How Tech Billionaires' Visions of Human Nature Shape Our World

Design is a method of envisioning the future, of which optimism is a foundational part. Designing with optimism is to believe in the potential to create a better future.

Designing a better future is a moral obligation. Here's ...

The Human Mind and Usability. Apply psychology principles to predict and explain how your customers think and act. Behavior is strongly influenced by unconscious thought, but it is often more predictable than you might expect. Understanding the foundations of human cognition will help explain and anticipate user behavior.
