### grade - Oxford Learner's Dictionaries

This has to be one of the most commonly confused aspects of the English language, and the fact that so many people get it wrong is a pet hate of every grammar purist in the UK. If you can master the difference, you'll be doing better than a lot of Brits! Your - this is the second person possessive form, indicating something belonging to you.

### Homophones: the Most Confusing Words in English (a List ...

The grammar that was taught in the early grammar schools in England was Latin grammar, not English grammar. The earliest known grammar of English was by William Bullokar, published in 1580, who wanted to show that English was as capable of grammatical analysis as was Latin. By 1800, a total of 112 grammars were published, excluding later editions.
