Scientific Advertising emphasis on headlines and gathering information for creating a sparked-ad. What I wanted to learn from this book is, how to sell a product, which sadly I did not find. flag 4 likes · Like · see review. Nov 10, 2015 Patrick Trotter rated it it was ok · review of another edition.

Scientific Advertising by Claude C. Hopkins

First published in 1923, Scientific Advertising is as relevant today as it was 80 years ago. Anyone interested in improving their knowledge of advertising or their response rates must read it. Indeed, David Ogilvy said of it, "Nobody should be allowed to have anything to do with advertising until he has read this book seven times.

Chapter 2 - Scientific Advertising

1 Chapter 1 How advertising laws are established T he time has come when advertising has in some hands reached the status of a science. It is based on fixed principles and is reasonably exact. The causes and effects have been ana-lysed until they are well understood.The cor-rect method of procedure have been proved and established.We know what is most ef-fective, and we act on basic law.
