Hay system of job evaluation (booklet format)

The job is evaluated at a job standard of fully acceptable performance. The job is evaluated as it is now, not what it was and not what it will be or what it should be. The job is evaluated with no considerations of its present pay, grade, how it is rank compared with other jobs. All these factors are ignored in the job evaluation.

Hay Job Evaluation Methodology: An Overview | People Centre

Purpose - The purpose of the Hay System is to provide a consistent procedure to evaluate position classifications by: • Objectively measuring the content of each job compared to other jobs based on classification factors applied to all jobs; • Determining its relative worth; • Establishing equitable pay relationships among all jobs.

Hay Guide Chart Profile Method of Job Evaluation (Hay System)

Questions about Hay Job Evaluation. Q: What is Job Evaluation? A: Job evaluation is a tool for determining the 'size' of a job, usually in the form of a number of 'points' (i.e. a job with 400 points, is a bigger job than one with 200 points). It also allows us to compare different jobs, which in turn enables us to determine where jobs should be placed on the single pay spine, thus ...
