Sociology of gender is a prominent subfield of sociology. Social interaction directly correlated with sociology regarding social structure. One of the most important social structures is status. This is determined based on position that an individual possesses which effects how they will be treated by society.

### Sociology of gender - Wikipedia

Sociology of Gender. In sociology, we make a distinction between sex and gender. Sex are the biological traits that societies use to assign people into the category of either male or female, whether it be through a focus on chromosomes, genitalia or some other physical ascription. When people talk about the differences between men and women they are often drawing on sex - on rigid ideas of biology - rather than gender, which is an understanding of how society shapes our understanding of ...

### Sociology of Gender - The Other Sociologist

Stratification refers to a system in which groups of people experience unequal access to basic, yet highly valuable, social resources. The United States is characterized by gender stratification (as well as stratification of race, income, occupation, and the like). Evidence of gender stratification is especially keen within the economic realm.

### Gender | Introduction to Sociology

Sociological research points to the ubiquity of gender's influence in both private and public spheres, and it identifies differences—and similarities—in how genders are treated socially and factors that change this treatment. The sociological study of gender is often combined with the study of sexuality.

the tendency to explain behavior by invoking personal dispositions while ignoring the roles of social structure and context. Gender. a system of social practices; this system creates and maintains gender distinctions and it organizes relations of inequality on the basis of these distinctions. Sex.

**The Sociology of gender Flashcards | Quizlet**

An ideal "essentials" text for introductory courses, The Sociology of Gender, Fourth Edition, provides a concise--yet also in-depth--overview of basic sociological concepts and perspectives on gender. Focusing primarily on the contemporary U.S., Laura Kramer and new coauthor Ann Beutel integrate history, theory, and research in order to examine the current gender system and the ways in which macro-, middle-, and micro-level societal forces have changed that system over time.

**The Sociology of Gender (Paperback) - Walmart.com ...**

Because the gender pay gap refers to women's pay level relative to men's, the declining gender pay gap does not necessarily imply women's progress in pay. Bernhardt, et al. 1995 points out that some part of the attenuation of gender gap is attributable to men's wage decline rather than only women's gain in wage.

**Gender Pay Gap - Sociology - Oxford Bibliographies**
